January 2nd, 1915.

Dr Andrew Hunter

Treasurer's Department,

United States Public Health Service

Spartanburg S. Caroline J.S.A.

Dear Dr Hunter:

I am glad to know that there is no obstacle to your leaving the Public Health Service at the end of January, and that you can come to us by the first or second of February. I shall telegraph to you the formal notice of the appointment on February 14th or 15th.

I am sending you a copy of our Medical Calendar. I do not know of any other information that I can let you have.

With best wishes for the New Year, I am

Yours sincerely,

President.

January 15th, 1915

Dr. Andrew Hunter,

Spartanburg, S.C.

My dear Dr. Hunter:

I sent you a telegram last night to say that you had been appointed by the Board yesterday afternoon as Professor of Chemical Pathology in the University at a salary of thirty-six hundred dollars (\$3600.00) a year, the appointment to date from the first of February, 1915. I am glad to confirm this now by letter, and to say that we anticipate with pleasure your coming to the University and continuing the work which was so splendidly inaugurated by Professor Leathes.

I received your letter and answered it. We are therefore expecting you here about the first of February.

With kind regards, I am,

Yours sincerely,

President.

OFFICE OF
MEDICAL OFFICER IN CHARGE

TREASURY DEPARTMENT

UNITED STATES
PUBLIC HEALTH SERVICE

Spartanburg S.C.
Jan 17 1915

President R. A. Falconer
The University,
Toronto.

Dear Sir,

Please accept this rather belated acknowledgment of the receipt of
your Night-Letter of the 4th instant, announcing my appointment
as Professor of Chemical Pathology. As I have already
intimated, I expect to report for duty on the 1st of February.
I look forward already to that date as the commencement of
a congenial, and, I trust not unproductive career at Toronto.

—en.

Yours faithfully
Andrew Hunter

OFFICE OF
MEDICAL OFFICER IN CHARGE

TREASURY DEPARTMENT

UNITED STATES
PUBLIC HEALTH SERVICE

Spartanburg S.C.
Jan 20 1915

The President
University of Toronto

Dear Dr. Falconer,

I beg to acknowledge the recent receipt of your letter dated January 15th, confirming the announcement already made by telegram of my appointment as Professor of Chemical Pathology.

As I think I stated in my reply to the telegram, I expect to reach Toronto on January 31st and to be at my post on February 1st.

I consider it a high honor to be called to the University of Toronto, and to fill the Chair vacated by Professor Leake. I trust I shall at least give you in the future no occasion to regret your invitation.

I am

Sincerely Yours

Andrew Porter

ADDRESS REPLY TO *A. Hunter*
PROFESSOR ~~OF~~ LECTURES,
DEPARTMENT OF PATHOLOGICAL CHEMISTRY,
UNIVERSITY OF TORONTO

UNIVERSITY OF TORONTO

.Feb. 27, 1915.

President R. B. Falconer.

University of Toronto,

Dear Mr. President,

When I accepted the chair of Chemical Pathology in this University, it was a consideration which weighed a good with me, that by so doing I should come again under the operation of the pension scheme of the Carnegie Foundation. I first became a beneficiary of that scheme over six years ago on my appointment as Assistant Professor of Biochemistry at Cornell University in October 1908, and I am in hopes that, despite my recent short absence from an academic position, the trustees of the Foundation will continue to date my claim from that period. In regard to this point I am however in some uncertainty, and I should take it as a favor if you could inform me, or ascertain for me, what is my precise status in this respect.

As a matter of fact, on taking up the work upon which I engaged for the U. S. Public Health Service, I did not immediately resign my position at Cornell. The arrangement was that the university granted me leave of absence without pay, and it was only in the month of January, after I had decided to come to Toronto, that an actual resignation was offered and accepted. Although, therefore, actually I ceased to teach at Cornell in June, technically I continued to be a member of the Faculty there till within a few weeks of my arrival at Toronto.

I trust you will pardon me troubling you about such a personal matter.

Very faithfully yours,

Andrew Hunter

March 1st, 1915

Dr. Andrew Hunter,

Department of Chemical Pathology.

My dear Dr. Hunter:

I have just written to President Pritchett asking him to allow you to be transferred from the Cornell accepted list to ours as a beneficiary of the Carnegie Foundation. I should hope that they would overlook a matter of three weeks of an interval between the transfer. With kind regards, I am,

Yours sincerely,

President.

March 6th, 1915

Dr. A. Hunter,

Pathological Building, University of Toronto.

Dear Dr. Hunter:

I am sending you a copy of a letter which I have just received from the Secretary of the Carnegie Foundation. I hope that it will be satisfactory to you.

Yours sincerely,

President.

April 30th, 1915

Professor Hunter,

University of Toronto.

Dear Professor Hunter:

I will see that Mr. Campbell is recommended
as Demonstrator in Pathological Chemistry at the salary of \$750;
when the accoutrements are out through in June.

Yours sincerely,

100-1200

535

U.S.M.S. "ST PAUL".

May 22nd 1915

President A. B. Fisher
Toronto University.

Dear Mr. President,

I trust you will forgive my
discourtesy in leaving Toronto without a formal
good-bye. I had fully intended to call
at your office, but at the last moment,
as usual, various unforeseen matters turned
up for adjustment, and I had to depart
in a hurry.

I have left Mr. Rolph in charge
of the Department, and am very glad

all eventualities likely to arise.

We are now approaching Sandy Hook.
I shall make arrangements for my
return in September, as soon as we reach
the other shore.

Yours very sincerely
Andrew Hunter
